

BlackWhite photocopying and printing

Arlista *Quality, Cost Efficiency and Achievement*

Copy-Mânia Ltd. operates office black and white copying and printing services with the heavy duty multi functional Ricoh Aficio types 2105 and 2075. These equipments provide a higher and even more professional level and as a priority to the three characteristics of the above mentioned we follow up to this business value and try to achieve it as the most important aim.

We have both improved our equipments and changed pricing strategy due to today's business expectations, hoping to meet higher business requirements and challenges on a professional level.

Our new business strategy of the above mentioned motto is based on our value and price change. In the sake of today's environmental protection we are keen on using up the least paper amount, which is maximally applied in double side copying and printing.

Due to this, our prices are kept in the traditional zone, double side photocopying and printing are based/applied on cost efficiency, productivity and environment protection.

Looking forward to highlight our clients' attention, we recommend an up-to-date setup and cost efficient price zone with a higher level service and the following features:

With excellent quality:

-

Real 1200x1200 resolution for the sake of professional outcome
